Reference: Proposal to Cover Solution Ditches

Dear Mr. Hedberg:

Enclosed please find Tenneco Minerals proposal to cover solution ditches at the Goldstrike Mine. We have had excellent success with this system at our "sister" operation in Nevada. In areas where the ditching widens beyond 24" we would propose to use the fabric fence-type cover.

Please advise me as to any concerns you may have. We will order this material upon a favorable response from both you, the Utah Bureau of Water Pollution Control and the Utah State Division of Wildlife Resources.

Sincerely,

TENNECO MINERALS COMPANY

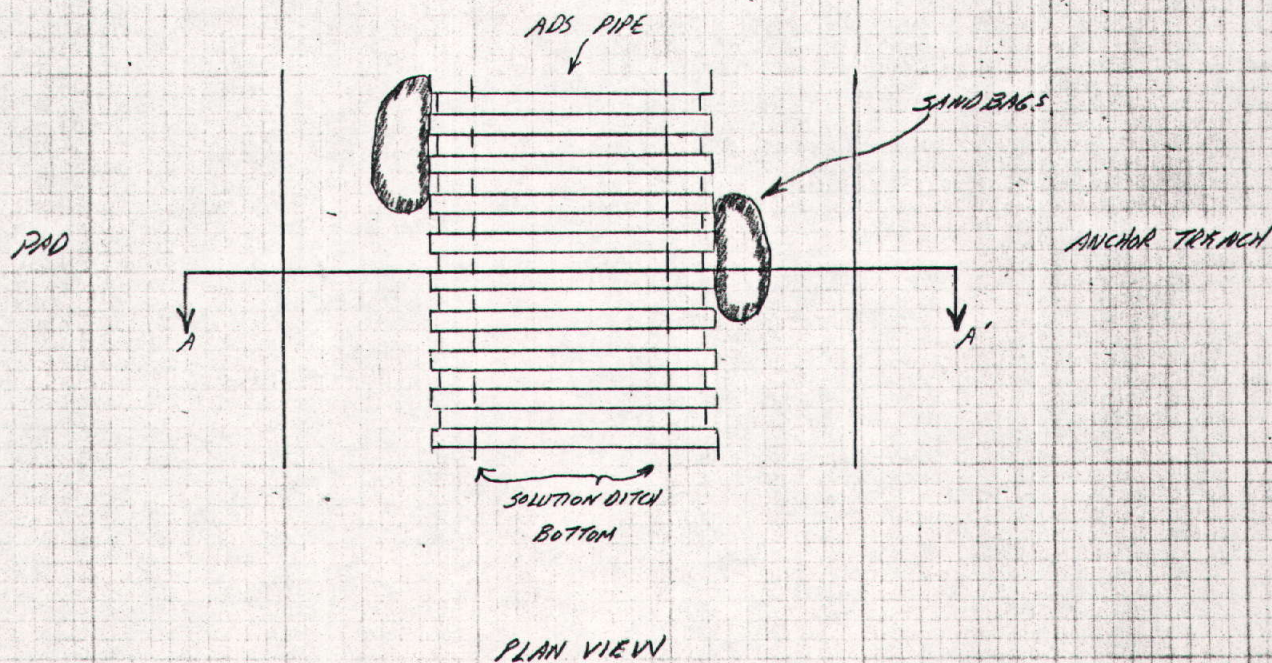

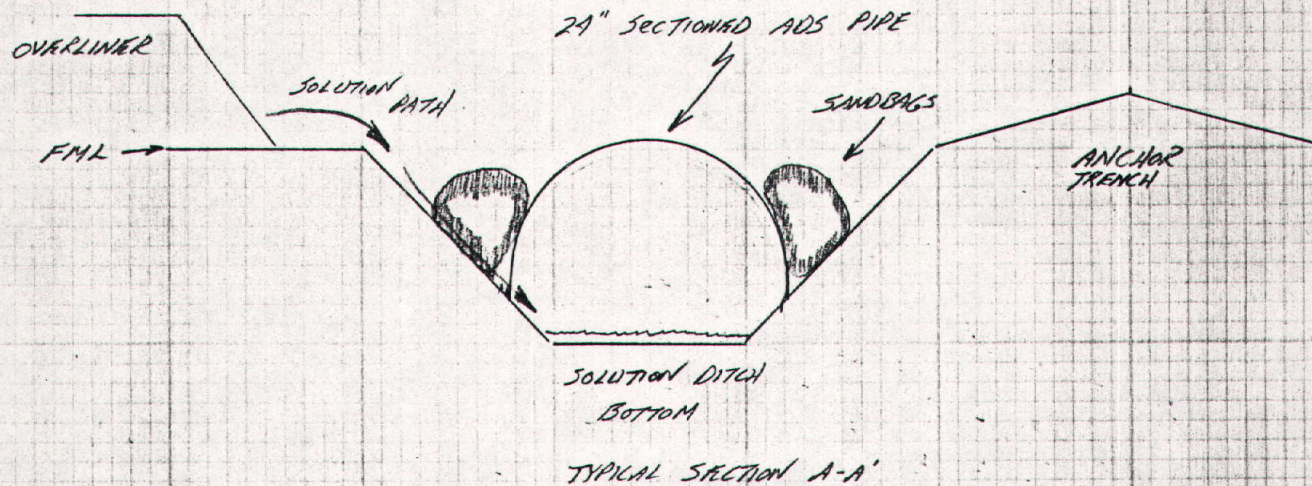

Ken A. Kluksdahl  
Mine Manager
